TOWN MAKES PAYMENT ON SINKING FUND

Amount is \$2,700.00 -- Dog
License is Waivered -- Will
Prosecute Careless Team-
sters in Future.

The regular meeting of the town council was held last Monday night and although it was Christmas eve, the meeting lasted long enough to allow the town fathers to wish each other a Merry Christmas before adjourning. Mayor Bott occupied the chair and the following members were present: Councilors Howard, Oates, McLean and Lavell.

After the reading and adoption of the minutes of the previous meeting a motion was passed authorizing the charging of the by-law regarding dog licenses. The bylaw was passed and reads \$5.00 per year for females and \$2.00 for males, except in cases where kennel licenses are issued.

It was also decided that the enforcing of all licenses be left in the hands of the police committee with instructions that any person who fails to comply with bylaw exempting church property.

Mrs. Lemm, of Moose Jaw, wrote the council offering the upset price on some property which reverted to the town at the last tax sale. It was explained that it was only through a misunderstanding on the part of the applicant that the property in question was included in the tax sale list.

On the suggestion of the water committee, water accounts for soldiers dependents were ordered written off.

The question of the damage done to Mr. Anderson's house on Sixth street and to the damage to the furniture of the tenant, Mr. Jacobson, by a defective water main, was again introduced by a letter from the claimants' lawyers.

After some discussion it was decided to pay Mr. Jacobson \$50.00 and Mr. Anderson \$25.00.

The question of the damage to sidewalks by careless teamsters driving over them at convenient places instead of using street and lane crossings came up for discussion.

Means of remedying the practice all town employees were introduced to watch the offenders closely and have them prosecuted forthwith, if compliance with the bylaw governing same.

Council then adjourned.

Large Elevator Goes up in Smoke

Estimating a loss estimated at \$250,000 the large terminal elevator of the Northern Elevator Company, at Benlue containing 80,000 bushels of grain, was completely destroyed by fire which broke out at 5:30 o'clock Saturday night. Half an hour after the fire was noticed the entire building was a mass of flames. By 7:15 o'clock the walls caved in and the grain immediately broke into flames. All that remains is a huge pile of smoking grain and twisted machinery.

Russia Will Fight Hun Militarism

Leon Trotsky, the Bolshevik foreign minister, in addressing the council of soldiers and workmen declared that if the German emperor offered "offensive" peace terms the Russians would fight against it.

"We did not overthrow czarism to kneel before the Kaiser," he cried.

Continuing, he said: "But if, through our exhaustion, we had to accept the Kaiser's terms, we would do so to rise with the German people against German militarism."

Young People Have Pleasant Evening

Mrs. R. R. Stoner entertained number of young people to a pleasant evening last night. Program, what was the first order of the evening. In this there were ten tables and competition for the prizes was very keen. Miss Coughlin the largest score for the ladies and R. Everett for the gentlemen, thus winning the prize money.

After refreshments were served a musical hour was spent in which a lengthy impromptu program was rendered, most of those present being called upon for something. On the whole it was one most enjoyable evening held in town for some time.

Mr. and Mrs. Wm. Grinnell and daughters are spending the Christmas holidays with friends in Toronto.

Week of United Prayer

By request of the World's Evangelical Alliance the usual week of united prayer will be observed a week commencing on Monday, Dec. 24th.

Monday, Dec. 24th--In the Baptist church; topic: Thanksgiving and prayer. Rev. D. Hollinger to give the chief address.

Tuesday, Jan. 1--In the Presbyterian church; topic: "Nations and Their Rulers." Rev. G. L. Gordon to give the chief address.

Wednesday, Jan. 2--In the Baptist church; topic: "Families, Schools and Colleges and the Young." Speaker to be announced later.

Thursday, Jan. 3--In the Baptist church; topic: "Home Missions." Speaker: Rev. Messrs. Hollinger and Gordon.

Friday, Jan. 4--In the Presbyterian church; topic: "Missions Among Moslems and the Heathen." Speaker: Rev. Messrs. White and Hollinger.

The services will begin each evening at 8 o'clock, and are for prayer mainly. All are invited to attend and help in a gracious spiritual uplift.

By request an appointment of our King, Sunday, Jan. 6th, will be a day of special prayer for our soldiers and allies, for victory and peace.

Lloyd George Makes Peace Terms Clear

In the midst of the peace purporters that are in progress between the representatives of the Teutonic allies and the Bolshevik government in Russia, the war aims of the day are clear and doubtless of all her allies, have been concretely set forth in the House of Commons by David Lloyd George.

The Allied aims as enumerated by Lloyd George are as follows:

Germany must completely restore all invaded territories and must make full compensation for the havoc it has wrought.

Destruction of Prussian militarism and a democratic German government to guarantee future world peace.

Fate of the German colonies must be decided by an international peace congress at which the wishes and interests of colonial inhabitants must be the decisive factor.

As regards Armenia, Jerusalem must never be restored to Turkish rule.

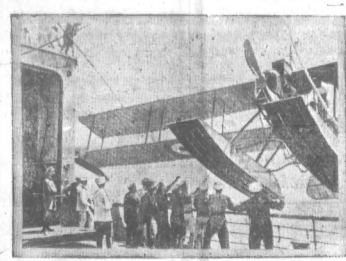

Victory alone will give reality to these terms, the premier said.

Conscription is Beaten in Australia

Latest returns of the voting on conscription in Australia show a margin of 175,000 against conscription. This does not include the soldiers' vote which is now being counted.

An Australian correspondent, writing in the Times, says it is important that the issue of the referendum should not be misunderstood. It is not a vote on the question of enforcing the conscription, but a vote on the question of whether the government should interfere with the agricultural and mining industries which are essential to the prosecution of the war.

All recognized political parties in Australia agree that the war must be continued until victory is achieved.

ALL CANADA EXCEPT QUEBEC TO BE BONE DRY

Official announcement was made by the prime minister at noon last Saturday of the prohibition of the importation of intoxicating liquors into Canada after Monday, Dec. 24th. The announcement reads:

"On December 17 the people gave to the government an unmistakable mandate for the vigorous prosecution of all the country's energies and resources necessary to achieve victory. It is essential and indeed vital for the efficient conduct of the war that wasteful or unnecessary expenditure should be prohibited and that all articles capable of being used for the purpose of the war should be conserved. It is beyond question that the use of liquor affects adversely the realization of this purpose, and the following conclusions have been reached:

(1) Any liquor or beverage containing more than 2 1/2 per cent alcohol shall be regarded as intoxicating liquor.

(2) The prohibition of intoxicating liquor into Canada, prohibiting importation after December 24, 1917, unless it shall have been actually purchased on or before that date for exportation into Canada and unless having been so purchased, it is imported into Canada not later than the 21st day of January, 1918. The final determination upon any question respecting such purchase shall rest with the minister of customs. This regulation shall not apply to importations for medicinal, sacramental, manufacturing or chemical purposes.

(3) The transportation of liquor in any part of Canada wherein the sale of intoxicating liquor is illegal will be prohibited on and after April 1, 1918.

(4) The manufacture of intoxicating liquor within Canada will be prohibited on and after a date to be determined upon further investigation and consideration of the actual conditions of the industry.

"As above mentioned, the prohibition of importation becomes effective on Monday, December 24.

"The regulations to carry into effect the other provisions above mentioned are being prepared and as soon as approved they will be enacted under the provisions of the war measure act.

"The foregoing provisions will be in main force during the conclusion of peace."

Kerensky and Duke Nicholas Still Busy

A dispatch to the Exchange Telegraph Company from Harpandra reports that Kerensky with an army is now marching against Moscow, while Grand Duke Nicholas, the former Russian commander-in-chief, has gathered a great army of Royalists in the Caucasus.

The Bolshevik force, commanded by released German and Austrian officers, has defeated the anti-Bolshevik forces at Tashkent, capital of Russian Turkestan, according to a Petrograd dispatch to the Morning Post.

The dispatch also says that it is believed that a force of released enemy prisoners equivalent to two army corps commanded by their own officers, is now within striking distance of Petrograd.

Hat Curlers Invite Redcliff to Join them

Mayor Bott is in receipt of a letter this week from the secretary of the Hat Curlers' Club, extending an invitation to his worship and other Redcliff curlers to a friendly game at any time when convenient. Redcliff curlers are also invited to make use of the rink and club room at any time they may be visiting in the city.

This is indeed a very kind and thoughtful act on the part of the Hat Curlers and we have no doubt it will be greatly appreciated by our Redcliff curlers. We understand that already Mayor Bott is getting a rink together for a game early next week.

SLIGHTLY BEATEN.

Owing to the Christmas holidays and the usual rush in the office at this season, the Review was unable to get on schedule time this week. Under the circumstances the delay was absolutely unavoidable and we trust that at this season of good will our readers will overlook it.

Screenings Available As Hog Feed

The Provincial Department of Agriculture is giving the best guarantee possible to the campaign for increased hog production in order to meet the urgent need of the Allies for larger supplies of bacon. The question of economical feeds in sufficient quantity is necessarily important in most hog raising countries, and in times of demand the cheaper kinds of foods take on a relatively high value. In former years large quantities of our screenings have been exported to the United States, but by a recent federal order-in-council an embargo has been put on screenings in export to encourage the larger use within the Dominion, under the direction of the Food Controller, agencies on export will not be granted until the live stock branch of the Federal Department of Agriculture, acting for the Food Controller, has had opportunity to purchase at the export price to feed to millers. The grain called "A" screenings are the class of food being offered to feeders. They consist chiefly of cracked wheat, oats, buckwheat, wild oats and other grains but are separated screenings and do not include dirt and seeds. A considerable supply of this feed is now held by the Federal Department of Agriculture and is available for immediate export to feeders.

The Provincial Department of Agriculture is co-operating with the Federal government by undertaking to receive applications for supplies of this feed, and to attend to its distribution. It is available only in car lots, to individuals or co-operative groups. Co-operative groups may be such farmers' organizations as the United Farmers' Associations, the Agricultural societies or any other group which may co-operate simply for the purpose of securing these supplies. Shipments will be made on usual free terms, namely: eight draft attached to bill of lading. Accepted cheque for \$100.00 which will be returned on completion of the sale must be sent with invoice.

Applications may be made to J. D. Smith, superintendent seed and weed control, Department of Agriculture, Edmonton, Alberta.

China Delivers Ultimatum to Slavs

The Chinese commandant at Harbin, Marmour, delivered an ultimatum last Friday to the Bolshevik headquarters, giving the Extramural Chinese Nationalist army, under his command, 24 hours to leave Harbin. Otherwise, they are warned, force would be used.

The Chinese are continuing their military forces at Harbin. Lieut.-Col. Horvath, the Russian commander at Harbin, is continuing to assist the Chinese. He has taken up his residence in the area under Chinese control.

Advises received in Washington The Mexican News Bureau said that a temporary settlement of persons who consented to have left the United States to avoid military service has been discovered near the international boundary line in a remote section of the state of Sonora.

EXPLOSION AT BRICK PLANT SHAKES TOWN

Dynamite in Shack Explodes
In Early Morning Shakes
Whole Town and Breaks
Windows.

On account of the Review being a day late this week we are able to record an incident which shook the town into a commotion during the early hours this (Friday) morning.

About five o'clock sleepers were aroused from their slumbers by what sounded like a dull thud, followed by the rattling of doors and windows. Some thought they had been dreaming, and just rolled over and went to sleep again, but when neighbors commenced comparing notes after daylight, and all had heard there, some noise it was decided that something of the ordinary had happened.

The Review office was besieged with phone calls from all quarters and several investigations were conducted to the explosion of a part of a case of dynamite in a small shack near the Brick & Coal Company's coal mine in the south end of town. It seems that the dynamite was kept in this shack which is a short distance from the opening of the mine and that during the night it must have become over-heated, causing the explosion. The explosion broke a number of windows in the brick plant building. The shock was felt all over town and some persons in the coal mine felt the tremor on the walls of their gas lights. Fortunately no serious damage was done.

U. S. Discovered Hun Food Plot

Important documents said to reveal extensive food traffic between the United States and Germany, through Sweden, were seized by federal agents in Stockholm, which revealed the secret of Gustav A. Meyers, a purchasing agent for certain German firms, and arrested him as an alien enemy.

According to government agents, some of the papers show Meyers shipped to Germany foodstuffs valued at hundreds of thousands of dollars and that he had been in communication with Germany as recently as a week ago.

Bank books showing deposits of 12,000 to his credit also said to have been found.

Meyers is about 40 years of age and said to have come to this country in 1914, after the outbreak of the war. He lived in a fashionable residential section of Stockholm.

Venice is Calm Through Bombardment

The city of Venice remains comparatively undisturbed by the recent renewal of enemy pressure on the lower Plave nearest to Venice, where his line is 12 miles east of the city. While shells from the sea guns could reach Venice, it is known that the enemy has been unable to bring across the river anything except mine guns and a few pieces of small calibre. No shells have fallen anywhere near the city. The rumble of the shells from the sea guns at night, but the population has become accustomed to it, as it had to the previous menace from the air and the sea.

One of the chief reasons for the belief that Pope Benedict has intervened in some way by which the Austrians will not shell the city. This report cannot be verified, but the population generally believes it is one of the means resorted to for the calm which the pressure on the lower Plave has been accepted.

Thirty men are under arrest in Sacramento, California, suspected by the police of being implicated in the explosion Monday night at the executive mansion. The arrests followed the discovery of what the Police Commissioner said he believed was a plot to dynamite the electric power house of the Pacific Gas & Electric Company in that city.

All the stores in town did a big Christmas business. They were well prepared for the occasion and the service was all that could be desired.

Further progress by the forces of Gen. Allenby at two points in Palestine was reported in a statement issued by the war office.

Hon. A. L. Sifton's majority in this constituency now stands at 2,252. There are still a few polls to report but as they are small ones there will not likely be much change at the finish.

The Redcliff hotel put on an exceptionally nice Christmas dinner on Tuesday for their house full of guests. In the evening the tables were removed from the dining room and the guests treated to a most enjoyable dance.

In the tournament at Mac's Bowling Alley last week, Mr. McParlane won the turkey for the highest score in ten pins, and A. Edelman won another turkey for five pins. Another tournament is now on and is being keenly contested.

The teachers and parents of the Church of the Brethren, entertained the Sunday school children to a Christmas tree entertainment on Christmas night. There was a large attendance of both young and old present. An appropriate Yule tide program was rendered and the children especially enjoyed the evening.

During the performance at the Amuse-U last Friday evening one of the films caught fire in the operating room and made quite a blaze for about half a minute. Some one in the audience yelped fire, causing quite a commotion for a few minutes. Beyond burning few feet of film no damage was done and the show proceeded in a few minutes.

Huns Preparing for Blow on West Front

Acclimating Austro-German offensive on the Franco-British front is a matter of general expectation now. Warnings of it have been published in the press for the last few days. Premier Clemenceau has adopted the wise policy of trusting the people in regard to coming perils and prefers that they should face the future with their eyes open rather than have a great offensive sprung upon them suddenly.

From a military viewpoint signs are not wanting that the Germans are preparing a stroke which they hope to be decisive. Along the British front, in Champagne, and especially around Verdun and farther east, the German guns are thundering loudly and German raids are of almost nightly occurrence. The question everyone is asking, which even draws out the discussion of Callaghan's mysterious past, is, on what part of the western front will the blow fall? That it will fall on our ventures to doubt, but where and when remain the points of interrogation.

BIRTHS.

SISSONS—In Medicine Hat, on Friday, December 21st, 1917, to Mr. and Mrs. H. J. Sissons, of Redcliff, twins, both boys.

In a speech Dublin in which he dealt with the probable results of the Irish convention, Sir Horace Plunkett, chairman of the convention, was hopeful for the future. He said that while he was unable as yet to promise an unanimous report, the convention had agreed on so many points that it would certainly leave the Irish question better than it had found it.

To assist the making of better homes in Manitoba, the Agricultural College is rendering a valuable service in securing plans for farm houses. A competition open to the farm women of the province for the best plan resulted in 63 being received.

Following Kitchener's recent banqueting Bradford Council sent a message to the Lieut.-Governor asking that steps be taken at once to remove the name of Kitchener, and to not permit remaining of the place with any name of any allied hero.

GIRL'S STATEMENT WILL HELP REDCLIFF PEOPLE

Here is the girl's own story: "For years I had dyspepsia, sour stomach and constipation. I drank hot water and olive oil by the gallon. Nothing helped until I tried buckthorn bark, glycerine, etc., as mixed in Adler-ika. ONCE SPOONFUL helped me INSTANTLY." Because Adler-ika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever used. C. T. Hall, drugist.
